UNMATCHED PERFORMANCE, FLEXIBILITY AND COMFORT

More than 550 Falcon 2000 series aircraft are in service today. Robust, ultra cost-effective and super capable, this is one of the most popular and successful Falcons ever. Each iteration has built on the platform's many significant strengths, and today you will find them optimized in the Falcon 2000LX.

In charter configuration the Falcon seats up to 10 passengers in luxury. The Falcon offers a spacious, stylish, light-filled and astonishingly quiet cabin ensuring passenger comfort on flights of any length.
