Explore the valleys and peaks of Aoraki Mount Cook National Park, with exceptional views of Aoraki Mount Cook and the surrounding snow-capped mountain range.

From a bird's eye view catch the amazing sights of the Southern Alps. You will fly over the Tasman Terminal Lake, pass by the Horschsetter Icefall before setting down for an Alpine/Snow landing.

Enjoy the comfort, safety, and performance of our Squirrel Helicopters. Sit back and relax as you watch the gorgeous scenery unfold beneath you. Be sure to take lots of photos to document this one-of-a-kind experience. Our pilots offer informative and interesting commentary throughout the flight to ensure you receive the best possible experience.

**INFANTS:** The Civil Aviation Authority stipulates that we operate our aircraft in line with the manufacturers guidelines, one of these guidelines is that there is maximum number of passengers allowed on the aircraft, adult, child or infant. Therefore when an infant is booked on our flights and sits on the lap of a caregiver we are required to leave a seat free for this infant, thus the total maximum number of passengers remains the same. This is why you will see a charge for infants.

## Ultimate Alpine Experience (Combo)

45 Minute experience.

Ski Plane & Helicopter: We're the only place in the world where you'll get to fly in a ski plane and a helicopter during this experience.

- Experience spectacular views from above in a ski plane and a helicopter.
- Land on New Zealand's longest glacier – the Tasman Glacier.
- Enjoy beautiful views of the Tasman Terminal Lake, Grand Plateau, Hochstetter Icefall and cloud-piercing Aoraki/Mt Cook.

**Enjoy a scenic adventure that includes a snow landing on the Tasman Glacier!**

Fly in a ski plane and a helicopter on the same day for an unforgettable experience of Aoraki/Mount Cook. Enjoy a scenic adventure that includes a glacier snow landing on the Tasman Glacier.

From takeoff to landing, you will enjoy spectacular views! Fly up the Tasman Valley over the breathtaking blue glacier lake. See the Hochstetter Icefall and the cloud-piercing Aoraki/Mount Cook before landing on the upper snowfields of the Tasman Glacier. Take time to enjoy this unique alpine environment before swapping aircraft and returning to Mount Cook Airport.

These mountains are covered in snow and ice all year round, and the aircraft fully shuts down on landing so you can enjoy the peace and quiet of nature. You'll also see Tasman Terminal Lake, Grand Plateau, Plateau Hut, as well as the full length of the Tasman Glacier.

Our scenic flights have just gotten better! Indulge in the silent serenity of the Southern Alps with a ski plane or helicopter tour.

You will enjoy the scenic beauty of Aoraki/Mt Cook and the national park surrounding it from takeoff to landing. The snow-capped mountains, the bright blue of the glacier lake and the lush greens of the vegetation are just a few of the magnificent sights you will experience as you fly through the Southern Alps.

Once you've travelled up the Tasman Valley, you will make a glacier landing for a picture perfect moment. This incredible journey is 45-minutes long, you will return to the Mount Cook airport once completed.

This Mount Cook helicopter tour or ski plane adventure is the ultimate way to see the Southern Alps. Traverse the Main Divide to the West Coast and view the magnificent landscape of the Fox and Franz Josef Glaciers. Track north along the Tasman Sea before recrossing the snow-capped peaks of the Southern Alps to the Tasman Glacier.

Enjoy the stunning views of the Aoraki/Mt Cook National Park as you track south down the Tasman. Fly through the Grand Plateau and the Hochstetter Icefall as you pass under the east face of Aoraki Mt Cook before descending over the Tasman Terminal Lake.
